

# Product Authorisation of device-based in-situ Systems under the Biocidal Products Regulation (EU) No. 528/2012

20 March 2019 | 10:00 - 16:30 | Cologne

Novotel Koeln City, Bayenstr. 51, 50678 Cologne, Germany

---

During their 82<sup>nd</sup> Meeting the Competent Authorities of the member states will probably agree on a regulatory guidance for the management of product authorisation for in-situ cases.

Since 2015 figawa and Aqua Europa are accompanying this regulatory clarification process closely based on a project set up by figawa members. After this project reaches its primary aim, first-hand information on results and open questions, as well as details on a possible way forward will be provided to all interested companies during a full day informative meeting.

This event will be held in English.

## Speakers

RA Martin Ahlhaus, Noerr LLP

Gotthard Grass, Figawa Service GmbH |  
Consortium Manager to ISA Consortium

Markus Laib, Chemservice GmbH

Dr. Dieter Drohmann, Chemservice GmbH

Ulrich Stemick,  
Grundfos Water Treatment GmbH |

## Registration terms

---

The number of participants is limited to 80 persons. We therefore reserve the right to allow a maximum of only two persons per company to participate. Registrations are generally considered in the order in which they are received.

The registration is binding and obliges to pay the participation fee (if applicable). If a registration is cancelled by March 13<sup>th</sup> 2019 there is a cancellation fee of 25,00 €. After that date the attendance fee has to be paid completely.

Since the interest in the event is expected to be very high, we kindly ask you to inform us immediately if you are unable to attend. This will allow people to move up from the waiting list.

## Venue

---

20 March 2019

**Novotel Koeln City** Bayenstr. 51  
50678 Cologne
